REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The allowed claims distinguish over the prior art of record because they fail to disclose an anastomotic device having first and second annular bodies; the first annular body conforming to an outer surface of a first hollow structure and provided with holding that press said structure toward the inner surface of said first annular body when the holding means is distorted to a closed position. Even further wherein said the second body is secured to a second hollow structure and wherein the first and second bodies are coupled together to form a seal of said hollow structures along the abutting edges of said structures.

For these reasons the claims are allowed over the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
